FACULTY POSITION IN VIROLOGY

The Department of Microbiology and Immunology of Wake Forest University School of Medicine is seeking candidates to fill a tenure-track ASSISTANT, ASSOCIATE or FULL PROFESSOR position in VIROLOGY beginning July 2010. We are actively recruiting individuals with research programs in virus-host cell interactions and/or viral pathogenesis. Successful candidates will be expected to establish and maintain an independent research program and to participate in teaching of graduate and medical students.

The Department has a highly collaborative, research-intensive faculty and an outstanding graduate program that is supported, in part, by an NIH training grant in Immunology and Pathogenesis. There is a Department-wide focus on microbial pathogenesis and immunity. Information on the Department may be viewed at http://www1.wfubmc.edu/microbio/

Review of applications will begin in November 2009 and will continue until the position is filled. Applicants should submit a curriculum vita, a brief description of current and future research interests, and arrange to have three letters of recommendation sent to:

Dr. Griffith D. Parks
Department of Microbiology and Immunology
Wake Forest University School of Medicine
