

Assistant Professor. The Department of Microbiology and Immunology (<http://www.uams.edu/mbim/>) at the University of Arkansas for Medical Sciences invites applicants for tenure-track faculty positions at the rank of Assistant Professor. As we continue to expand our faculty ranks over the next several years, the department seeks to further enhance and diversify its research and teaching portfolio. We are seeking candidates pursuing innovative research in the areas of immunology and microbial pathogenesis. The successful candidate is expected to maintain a vigorous, extramurally funded research program, and to contribute to the teaching and training of graduate and medical students. We offer a very collegial environment with competitive salary, benefits and start-up package. Applicants must have a Ph.D. and/or M.D. degree, postdoctoral experience and documented research productivity. Applications must include *curriculum vitae*, statement of research accomplishments and future research interests/goals, and statement of teaching experience. Applicants should also arrange to have 3 letters of recommendation submitted on their behalf. All application materials and letters of recommendation should be E mailed as PDF to: microapp@uams.edu. Review of applications will begin immediately. Incomplete applications will not be considered. UAMS is an equal opportunity employer and promotes workplace diversity. Women and members of underrepresented minorities are strongly encouraged to apply.
