

Tenure-Track Immunology
Faculty Positions

The Department of Immunology at the University of Connecticut Health Center seeks outstanding investigators for two tenure-track positions at the Assistant/Associate/Full Professor level. Although all areas of immunology will be considered, we are particularly interested in individuals using molecular, cellular and translational approaches to study immune system function in vivo. Areas of priority include but are not limited to mucosal immunity, innate immunity, signal transduction and transcriptional control, and dendritic cell biology.

The new hires will participate in a vibrant Ph.D. training program and have access to a growing translational research community. Salary and start-up funds are highly competitive and outstanding core facilities are available. Applicants must have a Ph.D. and/or M.D. with a history of sustained extramural funding and a high impact publication record. In addition to the beauty of the picturesque New England countryside, the Hartford area offers a vibrant arts and cultural scene and an exceptional outdoor sports environment. Applicants should apply at <https://jobs.uchc.edu> search number 2012-067 and submit curriculum vitae, a two-page summary of research interests and the names of three references. Information may also be submitted to Dr. Leo Lefrançois, Ph.D., Chairman, Department of Immunology, UConn Health Center, Farmington, CT. Email: immunology@uchc.edu. For further information on UCHC immunology, please visit <http://immune.uchc.edu>.
