

**Faculty Position
University of Virginia
Bacteriology of Human Health
Assistant or Associate Professor**

The Department of Microbiology, Immunology, and Cancer Biology (MIC) at the University of Virginia seeks candidates for a tenure-eligible or tenured faculty position. The successful candidate will be expected to maintain an energetic and well-funded basic research program in bacterial physiology, pathogenesis, and/or genetics with a focus on medically relevant microbes. The incumbent will engage in teaching and training of graduate and medical students and will join an exciting research environment with outstanding opportunities for collaborative research in both basic and clinical sciences, including infectious diseases, biodefense, immunology, cellular microbiology, and cancer biology. Rank, tenure status and compensation are dependent upon qualifications and experience.

The Department of MIC offers state of the art research space, numerous core facilities for the support of molecular, cell biological and whole animal research, and a collegial and interactive faculty. The School of Medicine and NCI-funded Cancer Center provide numerous core facilities for the support of molecular, cellular and whole-animal research. More information on the department is available at: <http://www.healthsystem.virginia.edu/internet/microbiology/>. The MIC offers a highly competitive salary, benefits and start-up package.

Candidates must have a Ph.D., and/or M.D., and at least three years of postdoctoral research experience.

To apply, visit <https://jobs.virginia.edu/> and search on **Posting Number 0608351**. Complete a candidate profile, attach a curriculum vita, a brief statement of research interests and the contact information of three references.

For questions about the application process and the position, please contact the Chair of the Bacteriology Search Committee at bacteriology@virginia.edu.

Review of applications will commence September 15, 2011.

The position will remain open until filled.

The University of Virginia is an Equal Opportunity / Affirmative Action Employer. Women, minorities, veterans and persons with disabilities are especially encouraged to apply.
